TURMONT HOME FOR BOYS GROUP HOME FISCAL ASSESSMENT AND CONTRACT COMPLIANCE REVIEW

The Department of Children and Family Services (DCFS) Contracts Administration Division (CAD) conducted a Contract Compliance Review of Turmont Home for Boys (the Group Home) in January 2015 and a Fiscal Compliance Assessment in April 2015. The Group Home has two sites, one located in the Second Supervisorial District and another in the Fifth Supervisorial District, providing services to DCFS placed children. According to the Group Home's program statement, its purpose is "to provide 24-hour, non-medical care and supervision to residents placed by the Department of Children and Family Services."

The Group Home has two 6-bed sites licensed to serve a capacity of 12 boys and girls ages 13-17. At the time of review, the Group Home served 11 DCFS placed children. The placed children's overall average length of placement was 12 months, and their average age was 16.

SUMMARY

CAD conducted a Fiscal Compliance Assessment which included an on-site review of the Group Home's financial records, such as financial statements, bank statements, check register and personnel files to determine the Group Home's compliance with the terms, conditions, and requirements of the Group Home contract, the Auditor-Controller Contract Accounting and Administration Handbook (A-C Handbook) and other applicable federal, State, and County regulations and guidelines.

The Group Home was in full compliance with 4 of 5 areas of the Fiscal Compliance Assessment: Loans, Advances and Investments, Board of Directors and Business Influence, Cash/Expenditures, and Payroll and Personnel.

CAD noted one deficiency in the Financial Overview, related to an adjustment made that resulted in a negative net asset position of \$17,439 for the Fiscal Year ending December 31, 2013.

During CAD's Contract Compliance Review, the interviewed children generally reported: feeling safe at the Group Home, having been provided with good care and appropriate services, being comfortable in their environment and treated with dignity and respect.

"To Enrich Lives Through Effective and Caring Service"

The Group Home was in full compliance with 5 of 10 sections of our Contract Compliance Review: Facility and Environment; Health and Medical Needs; Psychotropic Medication; Personal Needs/Survival and Economic Well-Being; and Discharged Children.

CAD noted deficiencies in the following areas of: Licensure/Contract Requirements, related to a Special Incident Report (SIR) that was not submitted timely, not conducting disaster drills with the children and a Community Care Licensing (CCL) citation; Maintenance of Required Documentation and Service Delivery, related to updated Needs and Services Plans (NSPs) not being developed comprehensively; Education and Workforce Readiness, related to the academic performance and attendance not increasing; Personal Rights and Social/Emotional Well-Being, related to a child not being free to receive or reject voluntary medical, dental, and psychiatric care; and Personnel Records, related to health screenings/Tuberculosis clearances not being conducted timely.

Attached are the details of CAD's review.

REVIEW OF REPORT

On February 26, 2015, Sherry L. Rolls, DCFS CAD held an Exit Conference with the Group Home representatives Victor Bradley, Executive Director and Latanya Gibbs, Facility Manager. DCFS staff included Diana Flaggs, Amy Kim, Rhonda David-Shirley and Robbie Odom, Out-of-Home Care Management Division. Also in attendance was Kellee Coleman, Community Care Licensing. On June 5, 2015, Ali A. Gomaa-Mersal held a Fiscal Exit Conference with Victor Bradley, Executive Director.

The Group Home representatives agreed with the review findings and recommendations, were receptive to implementing systematic changes to improve their compliance with regulatory standards and were in agreement with addressing the noted deficiencies in a compliance Corrective Action Plan (CAP) and Fiscal Corrective Action Plan (FCAP).

A copy of this compliance report has been sent to the A-C and CCL.

The Group Home provided the attached approved FCAP and CAP addressing the recommendations noted in this compliance report. CAD conducted a follow-up visit to the Group Home on June 22, 2015 and verified implementation of the compliance CAP.

**TURMONT HOME FOR BOYS
FISCAL COMPLIANCE ASSESSMENT REVIEW
FISCAL YEAR 2014-2015**

SCOPE OF REVIEW

The Fiscal Compliance Assessment included review of Turmont Home for Boys' (The Group Home's) financial records for the period of January 1, 2013 through March 31, 2015. Contracts Administration Division (CAD) reviewed financial statements, bank statements, check register and personnel files to determine the Group Home's compliance with the terms, conditions, and requirements of the Group Home contract, the Auditor-Controller Contract Accounting and Administration Handbook (A-C Handbook) and other applicable federal, State, and County regulations and guidelines.

The on-site Fiscal Compliance Assessment review focused on five key areas of internal controls:

- Financial Overview,
- Loans, Advances and Investments,
- Board of Directors and Business Influence,
- Cash/Expenditures, and
- Payroll and Personnel.

The Group Home was in full compliance with 4 of 5 areas of the Fiscal Compliance Assessment: Loans, Advances and Investments, Board of Directors and Business Influence, Cash/Expenditures, and Payroll and Personnel.

During the review CAD identified a less-than-arms-length (related party) transaction. The Group Home is leasing two homes from the Executive Director and the Program Director none of whom are on the Board of Directors. The fair market values of the leased properties were determined by independent appraisals to be within allowable limits and in compliance with California Welfare and Institutions Code (WIC) Section 11462.06(a) for related party lease transactions.

FISCAL COMPLIANCE

CAD found the following area out of compliance:

Financial Overview

- The audited financial statement indicated that the Group Home had negative net assets in the amount of \$17,439 for the Fiscal Year ending December 31, 2013.

The Group Home will ensure that operating expenses will not exceed revenues by adjusting and reviewing their budget to prevent negative net assets balances in the future. In 2014 during a review of the financial records it was determined the accrual for salaries was not financially feasible to be paid off. A reversal adjusting entry was made to write off the accrued salary amount. This adjustment corrected the negative net assets balance. The Group Home's Board of Directors implemented a plan to return to a positive net asset position by December 31, 2014. The California Department of Social Services placed this Group Home on a triennial schedule for completing its audited financial statements and single audit reports, the next report is due on June 30, 2017 for the Group Home's Fiscal Year ending December 31, 2016.

Recommendation:

The Group Home's Board of Directors shall ensure that:

1. A plan is developed and implemented that will eliminate the current net asset deficit and prevent future net asset deficits.

MOST RECENT FISCAL REVIEW CONDUCTED BY THE AUDITOR-CONTROLLER (A-C)

The most recent fiscal review of the Group Home was posted by the A-C on May 9, 2012 for the period of January 1, 2009 to December 31, 2009. The A-C review identified \$76,377 in unallowable expenditures. The Group Home has repaid the \$76,377.

NEXT FISCAL COMPLIANCE ASSESSMENT

The next Fiscal Compliance Assessment of the Group Home will be conducted in County Fiscal Year 2015-2016.

**TURMONT HOME FOR BOYS GROUP HOME
CONTRACT COMPLIANCE REVIEW
FISCAL YEAR 2014-2015**

SCOPE OF REVIEW

The following report is based on a “point in time” monitoring visit. This compliance report addresses findings noted during the January 2015 review. The purpose of this review was to assess Turmont Home for Boys’ (the Group Home’s) compliance with its County contract and State regulations and included a review of the Group Home’s program statement as well as, internal administrative policies and procedures. The compliance review covered the following 10 areas:

- Licensure/Contract Requirements,
- Facility and Environment,
- Maintenance of Required Documentation and Service Delivery,
- Educational and Workforce Readiness,
- Health and Medical Needs,
- Psychotropic Medication,
- Personal Rights and Social Emotional Well-Being,
- Personal Needs/Survival and Economic Well-Being,
- Discharged Children, and
- Personnel Records.

For the purpose of this review, five placed children were selected for the sample. The Contracts Administration Division (CAD) interviewed each child and reviewed their case files to assess the care and services they received. Additionally, three discharged children’s files were reviewed to assess the Group Home’s compliance with permanency efforts. At the time of the review, none of the placed children were prescribed psychotropic medication.

CAD reviewed four Group Home staff files for compliance with Title 22 regulations and County contract requirements and site visits were conducted to assess the provision of quality of care and supervision.

CONTRACTUAL COMPLIANCE

CAD found the following five areas out of compliance.

Licensure/Contract Requirements

- A Special Incident Report (SIR) was not submitted timely.

A review of nine SIRs determined that one SIR was not submitted timely into the I-Track database. The SIR for an incident that occurred on May 5, 2014 that should have been immediately entered into the I-Track database was submitted on June 6, 2014.

- Disaster drills not conducted.

During the course of the review the disaster drill logs noted that the children were not included in the six-month disaster drills. CAD immediately informed the Group Home of the requirement to include the

TURMONT HOME FOR BOYS GROUP HOME CONTRACT COMPLIANCE REVIEW

PAGE 2

children in the disaster drills. The Group Home acknowledged the requirement and held the first disaster drill with all children on January 27, 2015.

- Community Care Licensing (CCL) citation.

CCL cited the Group Home on August 14, 2014, during a case management visit. CCL found the Group Home did not complete a pre-employment criminal record clearance for an employee and that same employee was not associated with the Group Home's facility license prior to beginning work. The Group Home corrected this oversight on the same day of the CCL visit. This citation included a fine of \$100. No Plan of Correction was requested.

On June 22, 2015, CAD conducted a follow-up visit and confirmed the Group Home implemented their new SIR protocol on March 20, 2015 requiring an internal review of all SIRs to ensure timely submission and appropriate cross-reporting. CAD also confirmed the Group Home's use of the employee checklist forms to confirm all required forms and procedures for each prospective employee are completed prior to their start date. At the time of this follow-up, there were no additional CCL citations.

Recommendations:

The Group Home's management shall ensure that:

1. All SIRs are submitted timely and cross reported to all required parties.
2. Disaster drills are conducted and logs are maintained.
3. The Group Home is in compliance with Title 22 regulations and free of CCL citations.

Maintenance of Required Documentation and Service Delivery

- Updated Needs and Services Plan (NSP) were not comprehensive.

During the review of four updated NSPs for a child, one was not comprehensive as it included another child's name in the NSP. Two NSPs utilized white-out for corrections or updates and did not include a Group Home approval signature. Additionally, all four of this child's 2014 updated NSPs were not comprehensive, as none included achieved outcome goals. The child has been placed with the Group Home since October 31, 2012.

During the Exit Conference, the Group Home was informed of the need to have the NSPs include the correct child's name, properly document changes to the NSPs, include the Group Home's review and approval of all NSPs and ensure that achieved outcome goals are documented in the NSPs.

On June 22, 2015, CAD followed up with the Group Home and reviewed three updated NSPs and they were determined to be comprehensive.

Recommendation:

The Group Home's management shall ensure that:

4. Comprehensive and timely updated NSPs are developed.

Education and Workforce Readiness

- A child's academic performance and attendance did not increase.

One child was not improving academically. The child's tardiness and absences are noted on report cards as a cause for below average grades. At the Exit Conference, the Group Home was informed of this finding and the requirement to document their efforts to ensure children attend school regularly, are on time and the Group Home's efforts to assist the child in increasing their academic performance. The Group Home should also document any tutoring services provided to the placed children.

On June 22, 2015, CAD conducted a follow-up visit and confirmed that weekly attendance checks were done for this child until the child's grades improve. Thereafter, the Group Home has implemented monthly school visits by the Group Home's day manager for the Boy's Home and the Group Home administrator for the Girl's Home to check on the status of the children's academic performance and attendance. This information is also being noted in the child's NSP for that period.

Recommendation:

The Group Home's management shall ensure that:

5. Children's academic performance or attendance increased.

Personal Rights and Social/Emotional Well-Being

- A child was not free to receive or reject voluntary medical, dental, and psychiatric care.

A child expressed during a child interview that they were informed that medical, dental, and psychiatric appointments were mandatory. At the Exit Conference, the Group Home agreed to meet with all children and review the Group Homes' policies/procedures and the children's legal rights.

On June 22, 2015, CAD confirmed the use of a new form titled "Intake Information Acknowledgement" as part of the Group Home's intake process. This form is used to discuss the child's medical rights when being placed and thereafter on a yearly basis.

Recommendation:

The Group Home's management shall ensure that:

6. Children are free to receive or reject voluntary medical, dental and psychiatric care.

Personnel Records

- Employee health screenings/Tuberculosis (TB) clearances were not timely.

Three employees did not have timely health screenings/TB clearances. The first employee was hired on November 10, 2005 and completed the health screening July 14, 2006. A second employee was

TURMONT HOME FOR BOYS GROUP HOME CONTRACT COMPLIANCE REVIEW
PAGE 4

hired on February 11, 2011 and completed the health screening on October 17, 2011. The third employee hired on December 1, 2013 did not have a health screening/TB clearance on file. During the course of the review CAD informed the Group Home of the need to have the third employee get a health screening/TB clearance as soon as possible. The health screening/TB clearance was completed on January 26, 2015.

On June 22, 2015, CAD conducted a follow-up visit and confirmed the use of the employee checklist form created by the Group Home that is kept in each employee's file to confirm that all required forms are completed prior to prospective employees beginning work.

Recommendation:

The Group Home's management shall ensure that:

7. Employee health screenings/TB clearances are timely.

PRIOR YEAR FOLLOW-UP FROM DCFS OUT-OF-HOME CARE MANAGEMENT DIVISION'S (OHCMD'S) GROUP HOME CONTRACT COMPLIANCE MONITORING REVIEW

The OHCMD's last compliance report dated March 28, 2014, identified five recommendations.

Results:

Based on CADs follow-up, the Group Home fully implemented 4 of 5 recommendations for which they were to ensure that:

- Comprehensive weekly personal monetary allowance logs are completed and include all required signatures.
- The Group Home staff obtains, or documents efforts to timely obtain, the DCFS CSW's authorization to implement the NSP in a timely manner.
- Comprehensive Initial NSPs are developed and include all required elements in accordance with the NSP template.
- All employees receive required training.

The Group Home did not fully implement one recommendation for which they were to ensure that:

- Timely and comprehensive Updated NSPs are developed and include all required elements in accordance with the NSP template.

Recommendation:

The Group Home's management shall ensure that:

8. The outstanding recommendation from the March 18, 2014, report from the prior Fiscal Year review which is noted in this report as recommendation 4 is fully implemented.

At the Exit Conference, the Group Home representatives expressed their desire to remain in compliance with all Title 22 regulations and contract requirements. The Executive Director stated the Group Home will implement procedures to strive towards greater compliance.

CAD conducted a follow-up visit on June 22, 2015 and confirmed the Group Home had implemented all seven recommendations noted in this report. CAD will continue to assess implementation of the recommendations during the next monitoring review. OHCMD will provide ongoing support and technical assistance prior to the next review.
